

Environmental Policy Statement

At Messe.ae we are committed to continuously monitoring, measuring, and enhancing our environmental performance. We recognize our responsibility to reduce our environmental impact and actively pursue sustainable practices across all aspects of our operations.

It is the policy of Messe.ae to:

1. Proactively prevent pollution in our processes and at our facilities.
2. Comply fully with all applicable environmental laws and regulations.
3. Encourage our suppliers and partners to adopt environmentally responsible practices.
4. Set clear environmental objectives, monitor progress, and review our performance against targets.
5. Ensure that all employees understand the importance of environmental protection and actively contribute to ongoing improvements and awareness.
6. Foster a culture of continuous improvement in all areas of environmental performance.
7. Promote recycling and waste reduction within the company and throughout our supply chain.
8. Work to minimize harmful emissions from our fleet and reduce overall energy consumption.
9. Regularly assess our operations to identify and minimize waste, improving efficiency.
10. Prioritize products and services that minimize the environmental impact of our production.

By integrating these principles into our daily operations, Messe.ae is dedicated to driving meaningful change and supporting a more sustainable future for our industry and community.
